Packaging Design Tips:

- Place the name of the product somewhere on the packaging **"Webcam Cover"**.
- Inc ude somewhere on packaging steps 1-4 installation:
    1. Remove double tape tabs.
    2. Combine the base and the slide together.
    3. Position base over the camera lens then press firmly.
    4. Once installed, simply slide to the left to close and to the right to open.
- Packaging can be portrait or landscape however this portrait configuration works best for shipping.
- Package will need a place to blister the product as seen above. Blister will adhere to white paper better than ink saturated paper.

Please do not ad crop marks or printer marks
